Based on the results of the formal examination conducted by the State Organization “Ukrainian National Office of Intellectual Property and Innovations” in accordance with part nine of Article 16 of the Law of Ukraine “On Protection of Rights to Inventions and Utility Models” (hereinafter - the Law), it has been established that the application **meets the requirements** of Article 12 of the Law.

The scope of legal protection is determined by the utility model formula attached hereto.

State registration of the utility model in accordance with part two of Article 22 of the Law will be carried out upon payment of the **state fee** for it and the **fee** for publication about state registration of the utility model. According to the Procedure for Payment of Fees for Actions Related to Protection of Rights to Intellectual Property Objects, approved by Resolution of the Cabinet of Ministers of Ukraine dated 23 December 2004 No. 1716 as amended (hereinafter - the Procedure), the amount of this fee (code 12400) is UAH 120, since the application contains a total of 8 sheets of description, drawings, utility model formula and abstract.

Appendix to the decision: 1 sheet.

[1] - Law of Ukraine "On Protection of Rights to Inventions and Utility Models" (Article 22);

[2] - Decree of the Cabinet of Ministers of Ukraine "On State Fee" dated January 21, 1993 No. 7-93 (subparagraph "u" of paragraph 6 of Article 3);

[3] - Instructions on non-cash settlements in national currency of payment service users, approved by Resolution of the Board of the National Bank of Ukraine dated July 29, 2022 No. 163 (paragraph 37 of Section II);

[4] - Procedure for payment of fees for actions related to protection of rights to intellectual property objects, approved by Resolution of the Cabinet of Ministers of Ukraine dated December 23, 2004 No. 1716;

[5] - Law of Ukraine "On Protection of Interests of Persons in the Sphere of Intellectual Property During Martial Law Introduced in Connection with Armed Aggression of the Russian Federation Against Ukraine".

Additionally, the applicant's attention is drawn to the following:

corrections have been made to the application materials, namely, in the distinctive part of the formula it is stated: *“signal processing unit with wireless communication in the form of Bluetooth”*, which do not change the essence of the utility model, but only correct it in accordance with the rules for drafting and filing applications for inventions and utility models.

If the applicant does not agree with the specified corrections, he must immediately notify the State Organization “Ukrainian National Office of Intellectual Property and Innovations”. In this case, the conclusion on compliance of the utility model application with formal requirements will be annulled, and examination of the application will continue.

APPENDIX TO THE DECISION

(57)

Metal detector comprising a sensor connected with the possibility of rotation to a rod and connected to a signal processing unit, **characterized** in that the sensor is made in the form of a frame with jumpers, equipped with a connection point with a rod mounting mechanism, the rod is made telescopic of at least two parts and has a locking nut, the sensor is connected to the signal processing unit by wireless communication in the form of Bluetooth, in addition, a device for placing a control unit is fixed on the rod, and at the end of the rod opposite to the end with the sensor, there is a handle with an armrest, while the control unit has appropriate programs and applications that allow reading signals transmitted by the coil, the control unit has a power button and a screen on which the type of metal object is determined, there is a noise suppression and signal amplification indicator, depth indicator in percentages, charge level of the main unit and sensor, buttons for turning on the hodograph and sinograph.
